MISS YOUNG

Blue jeans and blond hair is the impression Miss Lucy Young most often gives. She's in PE so can dress that casually, and she is extremely blong with blue, blue eyes.

Miss Young attends Mississippi State and is majoring in Health and Physical Education. She decided to be- cause she loves sports and her junior college instructor, (Miss Lucille Wood of Calvary Community, Louisville) in- fluenced her to go into that field.

DEDICATED

"I want to devote my teach- ing to physical education rather than coaching. A good physical education program can make a major contribu- tion to a student's total edu- cational process. The role of the physical educator is unique in that the students have a closer more personal relationship with the teacher. There is no desk between the

and emotionally—that is the challenge and the contribution the physical education teacher can make."

Miss Young plans to grad- uate in May, 1973.

She belongs to such organi- zations as the American As- sociation of Health and Phy- sical Education and Physical Education Major. While she's attending college she's work- ing as a florist.

AT ECJC

Miss Young served as pre- sident of the student body, and as Miss ECJC while at- tending East Central Junior College her freshman and sophomore year.

HER FAMILY

Her hometown is Morton, and her parents are Mr. and Mrs. Spurgeon Young, her mother having been the former Nelia Harvey. She has one brother Dub, and four sisters, Sherry, Irene, Ruby, and Latain.

She has traveled all over the Southern States and has visited in New Mexico. Her
